B.—Persons desirous of purchasing or leasung houses

TO THE PUBLIC.—INDIA RUBBER SHOES.—Our attention has been called to an advertisement by Horace H. Day, published in the New-York Heraid of July II, 1831, and the Courier and Enquirer of same date, in which, after much unmerited abuse of our attorney. Wm Judson, Esq., he asserts that we daye and charge has with greating Goodyear's Patents under our own names; and that he does not infringe Goodyear's Patents in the manufacture of shoes.

We have purchased our beense for the manufacture of India Rubber Shoes under Goodyear's Patents and paid our money, and are dubypaying a tariff for the same, and any other person might have done the same, if disposed to do so rather than pirate upon Goodyear's Patents. We think it more just to purchase a right to use a valid patent than to infringe it. Mr. Day after having been prosecuted, acknowledged Goodyear's rights, made a settlement and agreed in future not to sufringe his patents. He is now attempting not only to infringe said patents but to impre us also, who have for a large consideration purchased our licenses and now work under them, and we charge Mr. Day directly, and that over ove one suprature, with pirating upon Goodyear's Patents in the manufacture of the shoes which he is offering to the public; and we give notice that he and all who are concerned with him in purchasing or vending his shoes made in violation of said patent right will be prosecuted. New-York, July 12, 1891.

LICANDEE, Hawward Rubber Co., by WM. A BUCKINGHAM, Treasurar, The Newark India Rubber Manufacturing Co. H. HUTCHINSON, President,

SAFE SPIRIT LAMPS.—The subscribors desire to call the attention of the public to J JEN.
NINGSS Patent arrangement for preventing explosions
by the careless use of Figorene Gas, Burning Find, acThe principle is the same as applied to Sri if. Davy's Mese
Lamps, and consists of the use of fine wire rauze in such a
manner that any careless filling of a lamp near a flame will
mot cause an explosion, as the wire gauze effectually prevents the flame communicating with the contents of the
can and the body of the lamp.

Having sold large numbers of these goods for fire years
past, and having never known of a serious accident among
our customers, we are warranted in strongly recommending them to those who desire to use Photogenic Gas, Burding
Flind &c.
